Film, please! HUBER product videos are available online now

16.12.2014

A picture is worth a thousand words ... and a video all the more! That is why we have placed a number of professional films and animations of our products and solutions onto our websites.

It is not only the corporate website www.huber.de that profits from this additional informative source: As many of our international subsidiaries have meanwhile been integrated into our central administration system for our internet appearances as well, they also have automatically access to the new video clips on the respective product and solution sites.

Videos are well suited to present complex products and solutions that need some explanation, like many HUBER products, in a brief and understandable form. These videos now offer an additional option to all interested parties to inform themselves about HUBER's range of products and services.

Our videos can be found at our websites on the respective product and solutions sites under the section "Media".
